November 21, 1935

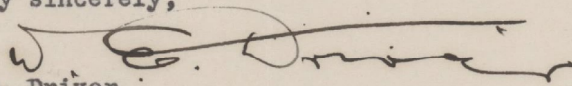

Dear Mrs. Chapman:

Again I am approaching you about my family tree. This time I trust that nothing so drastic as the terrible depression will inhibit me from carrying into effect my intensions.

If you are still doing this kind of work, may I have an appointment with you some time soon to discuss the details and learn the cost of what I wish done? It may be possible for me to come to your home, or I could see you should you have occasion to come to Norfolk.

I appreciate the visit you paid me once before, but shortly after that I found it best to interrupt my undertaking, I am,

Yours very sincerely,

W.E. Driver

Dear Mrs. Chapman:

Your letter of November 25, in reply to mine was duly received, and I thank you very much for the information you gave me.

Since it would be to my advantage, if you would let me know a few days before you finish the work that is now occupying your time, I should greatly appreciate it.

It occurs to me that you would be able to answer a part of what I should like to know by letter, but what I have in mind is a little bit more extensive than looking up my family tree.

To arrive at what you would be willing to undertake and the cost, would require a personal interview. However, I shall await to hear when you are free, before writing you again, I am

Very truly yours,

W. E. Driver

Mrs. Lewis Chapman
Smithfield, Virginia

Dear Mrs. Chapman:

Your letter notifying me that you are ready to begin some research work for me has been received.

I feel that it is necessary that I should tell you at once that I do not know Mrs. Davis in the premises.

Col. Shpeherd, my son-in-law, has been assembling data for his own ancestral tree and collateral line, and I learned from him that he had several months ago, employed someone to hunt up my ancestry, and I presume that this was Mrs. Davis. This transaction of Col. Shpeherd rather surprised me, but he did not know that I had been in communication with you.

If I understand your letter correctly, the offer you made is most satisfactory to me, and I authorize you to begin your work for me at once, if the following is as you intended:

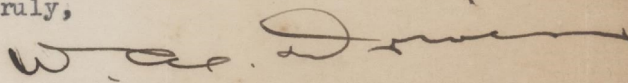

"A flat fee of \$50.00 to give you all of the Driver material in the Isle of Wight records, with the collateral lines".

This arrangement is eminently satisfactory to me, and I trust that we have a complete understanding about the work before you go into it.

It is my desire to compile all the data so that I will have a fairly interesting book. This book will comprise my ancestry in this country, as well as in Europe.

A number of years ago someone sent me either the William & Mary Quarterly, or the Virginia Quarterly, which dealt with Giles Driver and Olive Hardy, which was the first marriage of the Drivers to take place in this country, and this article gave a rather interesting account of the marriage and the wedding presents. This is the kind of record that I would like to have with other wills and deeds. Is it your intention to have these in the book?

Yours truly,

W.E. Driver

Jan. 11, 1936.

Dear Dr. Driver:

My offer as you have stated it, needs a little clarification I feel. The collateral lines of all the Driver family would be almost a life time job for a genealogist, as you can well see. My offer was intended to furnish all the Driver material in the Isle of Wight records, with your collateral lines as far as I am able to establish them. Some genealogical problems absolutely baffle any researcher, for people do not always leave enough record of themselves to be identified. I will give you my best efforts, but it is absolutely impossible for me to assure you that I will be able to establish your line or be able to furnish all the collateral lines, for the identity of some wives in the line may be able to elude me.

I suppose you wish the search to begin with Dolphin with all that I am able to prove of Jemima Whitfield's ancestry.

I will begin work the first of the coming week and trust the results will be everything we both hope for.

Sincerely yours,

Dear Mrs Chapman:

I talked to you over the phone
June a year ago and at that time you
told me to send you what I knew
about my family and you thought
it wouldn't be too hard to straighten
out. I am sorry I have waited so
long but hope you can help me.

I am (Miss) Mary Sue Driver,
my father was John Davies Driver,
my grandfather was Julius Allen Driver,
my great grandfather was Julius Allen
Driver (born 1795) and my great, great,
grandfather was Giles Driver. I find
the first trace of g. g. grandfather Giles in
Georgia in Hancock County when
the marriage of his daughter ⁽¹⁸⁰⁹⁾ to Sarah
to Richmond Carroll is shown in
records at Sparta Ga. Courthouse.
Giles sons were Gunn, Goodrich (whose
grave I found in Lafayette, Alabama
this summer), Berry, Giles, and my
great grandfather Julius Allen Driver.
Goodrich Driver was born in 1787 or 1788.

I have always been told that Giles Driver served in the Revolution but have no proof of this. I tried in Isle of Wight county to figure all this but when I saw that Giles Driver and Olive Hardy had a son Giles and a son Charles and they ^{each} had a son Giles I couldn't go any further. By my great great grandfather Giles having a daughter who married in 1806 I know he must have been born by the 1750's or 1760's.

I would like to know what you charge for this work. I surely will be grateful for any information you can find. If any Revolutionary ancestor I want to know.

Sincerely,
Mary Sue Driver

Will of Giles Driver.

In the name of God, Amen. In ye year of our Lord God, 1676. I Giles Driver being sick and weak in body, yet in perfect memory, thanks be to God, do make this my last will and testament, in manner and form following. That is to say first I bequeath my soul and spirit into the hands of Almighty God, my Holy Father by whose mercy and only grace I hope to be saved and received into Eternal rest; my body in hope of a joyful resurrection I commit to the earth to be buried with such charge ~~and in such charge~~ and in such place as my dear wife shall think good. As touching the distribution of my mortal goods, I dispose of ye same as followeth:

Imprimis, I will that all my debts be truly paid.

I do give unto my son Robert Driver 100 A. of land at the upper end of the Great Freshett, so to join upon Mr. Robert Coleman for him and his heirs forever.

I do give unto my son Charles and Giles Driver all my land on the south side of the Cypress Creek, except the 100 A., that I gave to my son Robert to be equally divided betwixt them and so to continue for them the said Charles and Giles and their heirs forever, excepting the 200 A. that the mill stands on and that is to continue at my dear wife's disposal during her life and then to between my said sons Charles and Giles and their heirs and if either them two, Charles or Giles should dye before the division or after without issue then the whole to fall to the survivor.

I do give to my son John Driver that 100 A. of land which now Robert Savage liveth on for him and his heirs forever and eight barrells of corn to be paid him yearly out of the profits of the two mills, during the life of the said two mills, the said eight barrells yearly is during the said John Driver, his own life.

I do will that the profits of my two mills for the future be equally divided betwixt my wife and my two sons Charles and Giles they allowing unto their brother John as before mentioned yearly and if either of them Charles or Giles should dye then John to survive.

I do give to my daughter Hardy 8,000 pounds of tobacco to be paid at three payments after the day of her marriage or when my wife shall see fit.

I do make my dear and loving wife whole extx of all the rest of my mortal goods, movable or immovable and for her my dear wife to chose what person or persons she shall think convenient to assist her to see this my last will and testament performed, As witness my hand and seal this 29th of Dec. 1676.

Will Bk. 5, page 132.

Robert Driver in his will, leaves to his daughter Patience, money and one small trunk at 18. 1748. (This small trunk must have been an unusual one referred to in Gyles Driver's appraisal as a gilded one, evidently an heir loom to be given as a special bequest, note that it is mentioned in each appraisal.)

The above similarity in appraisals is small evidence to deduce descent but it is all we have with which to work, these are the only appraisals to refer to more than two books, the only ones in which guns are mentioned and a sword, and the small trunk.

I feel confident that Robert Driver who died 1748, was the son of Gyles whose estate was appraised in 1725, but whether this Giles was the son of Robert 1. or Capt. Charles is a moot question. The above Gyles and Robert had larger estates than most of the Drivers, whereas Robert 1, appeared to possess very little when he died, however both Gyles and Robert in his early life seemed to move with the people connected with Robert 1.

2 of W. O. B 1806-9

Your main interest of course is the establishment of the paternity of Robert who died in 1748. He was not the son of Charles for Edward would hardly have called him friend when he appointed him his executor had he been either a brother or a nephew. neither is he included in the list of Giles' children. So if John can be eliminated he would necessarily have to be the son of Robert, however Robert I had the smallest estate appraisal of any of the sons and part of that had been attacked by Richard Reynolde, and the Robert who died in 1747 had as large an estate as any of the Drivers. He may have married money, but the Prudence Driver who was the daughter of Robert Richards was left in his will one shilling, which of course might indicate he had already given her her share of his estate. Unfortunately, I have been unable to find Robert's wife's name given anywhere - she was dead before he made his will and he did not sell land or property in which she

had to join. Everything I can find seems to bear out such a supposition but the actual proof is lacking.

we have everything that is to be found in the 1st of Wight records on the Drivers, I am confident.

I have not been able to find any reason why Robert Driver should have named his son Dolphin (Drew) Driver, Dolphin Drew at the time of his birth was probably the most prominent man in the County - was a member of the House of Burgesses. I see nothing to suggest kinship and if it was friendship, the Court records do not show it, for I do not find them witnessing for each other.

4/1/42 dear Mrs. Chapman,
First, let me
thank you for the very
great pleasure I have
derived from your four
books of J. & Wight rec-
ords, the "Marriages"
bought by me thro' my
cousin, Miss Lillian
Carpenter of Bartow,
Fla, & the other three
ordered by her. We

ancestry and I, beyond
that, in the Driver
data for a cousin in
another line. Several of
this family came into
Georgia after the Rev.
& the line we are
seeking begins definitely
with one of those in-
numerable Giles Driv-
ers - this one settling
in what is now Jones
Co., Ga. ca. 1799. I have
the line completely work-
ed out - from this Giles
to the present, & your
Virginia data; also,
Boddie's account of

Driver from the earliest in Eng-
land to the immigrant, Giles,
in Va., & am sending you cop-
ies of Driver data in Vol. 4
Mary Quarterly, ^{VII, 237, 249, et seq.} & Bruce's "Vir-
ginia & Virginians." (295^{IV}-1296)
It is, as usual, the connect-
ing link between the Ga. & Va.
ancestors that is lacking.

A no. of the generation of
R. S. drew land in Ga. - Henry
who served in 3^d S.C. Regt. -

Betsy & the orphans,
Driver (whom I susp.
or Schabod, the name call-
ed "Bud," as a son of the
Ga. Giles in his will & was
thru' this line). Bird,
Charles, Thomas, Sr. & Thomas,
Jr. appear in N.C. Army
accts. John travels down
from G. of W. & Richmond
thru' N.C. (Far R. region,
where this line was sup-
posed to stop on way to
Ga.), & into S.C. I have
all 1st Census reports of Va., N.C.,
& S.C. & am now trying
for early tax lists in Ga.

Giles, Julius, Dolphine

clude me to believe that
these intermarried.

I am telling you all
this as a preface to ask-
ing whether you have
ever traced to the Ga-
lins & if so, what the
fee would be for fur-
nishing data to con-
nect. This is not for
me personally, & I'm
sure you know the

difficulties encountered
in trying to make the
descendants, who always
want a finished prod-
uct, understand the
labyrinth of uncertain-
ly before the trail to
the open is found.

They want to pay for
just - what it takes to
fill in an application.

I don't doubt - but that
there are Colonial
Dance claims in the
early Drivers in T. & B.
have not yet gone
into that.

was cut in 1807.

If there is any chance of
making this connection &
my client could get an es-
timate of cost, I would
send all this data on
all or any of which you
would be welcome to copy
& use for any purpose
of your own research.

With apologies for this
lengthy preamble, I am,

Sincerely Yours,

P.S. If you are ever in need
of Clay or Birch data let
me know. I have just
